Re: Ontario Child Benefit

This memorandum is to advise you that the District of Nipissing Social Services Administration Board will not be accepting Requests for Proposals under the Ontario Child Benefit Fund for 2012 at this time.

Due to financial restraints and reduction in available funding, DNSSAB was required to secure the 2012 OCB dollars as part of a Bridging Strategy and Transition Plan to allow existing program operations to continue into the first half of 2012. This plan was approved by our Board on January 17, 2012 Resolution No. 2012-017

DNSSAB will be in a position to provide further details during the second quarter of 2012, regarding funds that may become available.

Should funding be available through the Ontario Child Benefit Structure, a notice will be placed on the City of North Bay website calling for proposals with the necessary eligibility criteria detailed in the Request for Proposal document.

Thank you for your continued interest and we look forward to working together in the future.
